

# GUN PERMITS INFORMATION

Michigan law requires a Pistol Purchase Permit to be obtained by an individual that **does not** have a valid Michigan Concealed Pistol License **and** is purchasing a handgun from a private individual. Those with a valid Michigan CPL may use a Pistol Sales Record form ([Michigan State Police form - RI-060](#)) which is available on the Michigan State Police website or at your local police department to complete a handgun sale or transfer. Those purchasing a handgun from a federally licensed firearms dealer (gun store) may do so without first obtaining a Pistol Purchase Permit.
