

## MiCAFE offers help to buy food for people age 60 and older.

Could you or someone you know use more \$\$\$  
each month to help buy the things you need?

A **NEW** program in **Wayne County** helps seniors (people 60 or older) get a Bridge Card! This new program is **MiCAFE**, called "My Café," and is offered by Elder Law of Michigan and local senior and community centers.

The Bridge Card helps pay for food so seniors can use their cash to buy things like medicine or pay for heat, lights, water, or home repairs.

Call your local center to set up a time to meet. A caring volunteer will sit down with you at the meeting and show you how MiCAFE works. You don't have to fill out any forms –it's just one meeting. A list of centers in your county is on the back of this flyer!

Seniors should have enough money to pay their bills and to buy the things they need!  
MiCAFE is here to help.

Please call a center in you area for yourself, a family member, or a friend today!
