

## Critical relief for your small business is available through the Small Business Administration's Paycheck Protection Program

If your business has been impacted by the coronavirus and you have fewer than 500 employees, you can apply for a federal loan that:

- Covers payroll, mortgage, rent, utilities and other select expenses
- Is forgivable upon meeting criteria

The Michigan Economic Development Corporation, DTE Energy, and a diverse coalition of civic, non-profit, and business organizations have joined to raise awareness of the [Paycheck Protection Program](#).

All businesses – including nonprofits, veterans' organizations, Tribal business concerns, sole proprietorships, self-employed individuals, and independent contractors – with 500 or fewer employees can apply. You can learn more by visiting [this website](#), which includes full details on how to apply through your bank or lender.

**DTE appreciates the dedication of Michigan businesses** and their employees as they continue to provide essential goods and services, and we're determined to keep supporting their work. Together, we will have the energy to serve as the foundation for a return to growth and prosperity.
